Commercial Building Roof Maintenance and Prevention Plan

For a single annual fee we provide the following services:

- 24 hour emergency maintenance for any natural or unnatural breakdown.
-
- Monthly inspections of your facility to assess for damage and to prevent any further damage from occurring.
-
- A written copy of our monthly inspection will be submitted within a three day period to owner or appropriate personal of your facility.

All prices are flexible and negotiable but do depend on level of deterioration.

For a reasonable rate we can reduce your worries and keep your building on track for a long and healthy future.
